

American Polymer Standards Corporation Safety Data Sheet

Section 1: Identification		
Product Name: Polydimethylsiloxane	EC Number: 213-915-7	CAS Number: 63148-62-9
<p>Product Nos.: LPDS162; LPDS237; LPDS490; LPDS640; LPDS1K; LPDS2K; LPDS3K; LPDS4K; LPDS5K; LPDS6K; LPDS7K; LPDS8K; LPDS9K; LPDS10K; LPDS11K; LPDS12K; LPDS15K; LPDS18K; LPDS20K; LPDS23K; LPDS26K; LPDS28K; LPDS30K; LPDS35K; MPDS40K; MPDS45K; MPDS50K; MPDS55K; MPDS59K; MPDS65K; MPDS70K; MPDS75K; MPDS81K; MPDS90K; MPDS94K; MPDS96K; MPDS130K; MPDS113K; MPDS123K; HPDS130K; HPDS133K; HPDS155K; HPDS167K; HPDS177K; HPDS194K; HPDS213K; HPDS220K; HPDS230K; HPDS291K; HPDS345K; HPDS355K; HPDS385K; HPDS610K; HPDS840K; PDS1500; PDS1K; PDS2K; PDS3K; PDS5K; PDS6K; PDS9K; PDS11K; PDS21K; PDS30K; PDS40K; PDS50K; PDS90K; PDS145K; PDS220K; PDS265K; PDS775K; PDS800K; PDS842K</p> <p>Relevant Identified Uses of the Substance or mixture and uses advised against: Identified Uses: Laboratory Use</p> <p>Supplier/Manufacturer: American Polymer Standards Corporation, 8680 Tyler Blvd., Mentor, OH 44060 Phone: 440-255-2211 * Fax: 440-255-8397 * Email: apsc@ampolymer.com</p> <p>In Case of Emergency: (440) 255-2211</p>		

Section 2: Hazardous Identification		
Signal Word: None		
GHS: H401 – Toxic to aquatic life. H411 - Toxic to aquatic life with long lasting effects, P237 – Avoid release into the environment, P391 – Collect Spillage, P501 – Dispose of contents/container to an approved waste disposal plant.		
Label Elements:		
Pictogram:	HMIS Classification:	NFPA Rating:
	Health Hazards: 0	Health Hazard: 0
	Flammability: 1	Fire: 1
	Physical Hazards: 0	Reactivity Hazards: 0
Potential Health Effects:		
Inhalation:	May be harmful if inhaled. May cause respiratory tract irritation.	
Skin:	May be harmful if absorbed through skin. May cause skin irritation.	
Eyes	May cause eye irritation.	
Ingestion:	May be harmful if swallowed.	
Low hazard in normal laboratory use. The small quantities supplied in our products are unlikely to cause server or immediate health effects. Use only as directed and in accordance with safe laboratory practices.		

Section 3: Composition/Information on Ingredients	
Substance/Mixture: Substance	Synonyms: PDS; Silicone Oil
Chemical Name: Polydimethylsiloxane	

Section 4: First-Aid Measures	
Description of Necessary First-Aid Measures	
Inhalation:	Move person to fresh air; if effects occur, consult a physician
Skin:	Wash skin with plenty of water. Seek first-aid or medical attentions as needed. If molten material comes in contact with skin, do not apply ice but cool under ice water of running stream of eater. DO NOT attempt to remove the material from skin. Removal could result in severe tissue damage. Seek medical attention immediately. Suitable emergency safety shower facility should be immediately available.
Eyes:	Flush eyes thoroughly with water for several minutes. Remove contact lenses after the initial 1-2 minutes and continue flushing for several additional minutes. If effects occur, consult a physician, preferably an ophthalmologist.
Ingestion:	If swallowed, seek medical attention. May cause gastrointestinal blockage. Do not give laxatives. Do not induce vomiting unless directed to do so by medical personnel.
Description of Symptoms/Effects (both acute and delayed) & Symptoms of Overexposure:	
Inhalation:	Exposure to airborne concentrations above statutory or recommended exposure limits may cause irritation of the nose, throat and lungs. Adverse symptoms may include respiratory tract irritation and coughing.
Skin:	No known significant effects of critical hazards. No specific data regarding symptoms of overexposure.
Eyes:	Exposure to airborne concentrations above statutory or recommended exposure limits may cause irritation of the eyes. Adverse symptoms may include irritation and redness.
Ingestion:	No known significant effects of critical hazards. No specific data regarding symptoms of overexposure.
Indication of Immediate Medical Attention & Special Treatment Needed, If Necessary:	
Note to Physician:	Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
Specific Treatments:	No specific treatment
Protection of First-Aiders:	No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation.

American Polymer Standards Corporation

Safety Data Sheet

Section 5: Fire-Fighting Measures

Suitable Extinguishing Media:	Use dry chemical powder, water spray (fog), foam or CO ₂
Unsuitable Extinguishing Media:	Do not use water jet.
Specific Hazards Arising from the Chemical:	Carbon oxides, silicon oxides
Hazardous Thermal Decomposition Products:	No known products of thermal decomposition
Special Protective Actions for Fire-Fighters:	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Move containers from fire area if this can be done without risk. Use water spray to keep fire-exposed containers cool.
Special Protective Equipment for Fire-Fighters:	Fire-Fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Section 6: Accidental Release Measures

Personal Precautions, Protective Equipment & Emergency Procedures:	Spilled material may cause a slipping hazard. Keep unnecessary and unprotected personnel from entering the area. Use appropriate safety equipment. For additional information, refer to Section 8: Exposure Controls & Personal Protection.
Environmental Precautions:	Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. For additional information, refer to Section 12: Ecological Information.
Methods & Materials for Containment & Clean Up:	Contain spilled material if possible. Sweep up. Collect in suitable and properly labeled containers. For additional information, refer to Section 13: Disposal Considerations.
Reference to other sections:	See Section 1 for emergency contact information See Section 8 for information on appropriate personal protective equipment See Section 13 for additional waste treatment information

Section 7: Handling & Storage

Precautions for Safe Handling:	No smoking, open flames or sources of ignition in handling and storage areas. Wear appropriate personal protective equipment (refer to Section 8). Avoid inhalation. Avoid contact with eyes, skin and clothing. Avoid creation of dust. Ensure adequate ventilation. Electrical equipment and lighting should be protected to appropriate standards to prevent dust coming in contact with hot surfaces, sparks or other ignition sources. Take precautionary measures against electrostatic discharges. To avoid fire or explosion, dissipate static electricity during transfer by earthing and bonding containers and equipment before transferring material.
Protective Measures:	Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See Sections 8 for additional information on hygiene measures.
Advice on General Occupational Hygiene:	
Conditions for Safe Storage:	Store in accordance with local regulations. Store in a segregated and approved area. Store in original container protected from direct sunlight. Keep container tightly closed in a dry and well-ventilated place, away from incompatible materials (see Section 10) and food and drink. Eliminate all ignition sources. Separate from oxidizing materials. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

Section 8: Exposure Controls & Personal Protection

Exposure Limits:	Contains no substances with occupational exposure limit values.
Engineering Controls:	Safety shower and eye bath. Mechanical exhaust required.
Personal Protective Measures:	
Respiratory:	Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (SU) or CEN (EU).
Hand:	Protective gloves
Eye:	Chemical safety goggles
Skin:	Personal protective equipment for the body should be selected based on the task being performed and the risk involved.
Hygiene Measures:	Wash thoroughly after handling.

Safety Data Sheet

Section 9: Physical & Chemical Properties

Appearance: Physical State & Color: Clear/Yellowish Liquid to Solid (dependent on Mw) Odor: Odorless Odor Threshold: Not Available pH: Not Available Melting Point: Not Available Boiling Point: Not Available Flash Point: Not Available Evaporation Rate: Not Available Flammability (solid, gas): Not Available	Lower & Upper Flammability/Explosive Limits: Not Available Vapor Pressure: Not Available Vapor Density: Not Available Relative Density: Not Available Solubility: Insoluble in Water Partition coefficient: n-octanol/water: Not Available Auto-ignition Temperature: Not Available Decomposition Temperature: Not Available Viscosity: Not Available	
---	--	--

Section 10: Stability & Reactivity

Reactivity:	No specific test data related to reactivity available for this product or its ingredients.
Chemical Stability:	The product is stable.
Possibility of Hazardous Reactions:	Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to Avoid:	Avoid the creation of dust when handling and avoid all possible sources of ignition (spark or flame). Take precautionary measures against electrostatic discharges. To avoid fire or explosion, dissipate static electricity during transfer by earthing and bonding containers and equipment before transferring material. Prevent dust accumulation.
Incompatible materials:	Acids; Bases
Hazardous Decomposition Products:	Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 11: Toxicology Information

Acute Toxicity:

Oral LD50:	No Data Available
Inhalation LC50:	No Data Available
Dermal LD50:	No Data Available

Skin Corrosion/Irritation: Skin – Rabbit Results: Mild skin irritation – 24h

Serious Eye Damage/Irritation: Eyes – Rabbit Results: Mild eye irritation – 24h

Respiratory or Skin Sensitization: No Data Available

Germ Cell Mutagenicity: No Data Available

Reproductive Toxicity: No Data Available

Teratogenicity: No Data Available

Specific Target Organ Toxicity-Single Exposure: No Data Available

Specific Target Organ Toxicity-Repeated Exposure: No Data Available

Aspiration Hazard: No Data Available

Carcinogenicity:

IARC: No component of this product, present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

ACGIH: No component of this product, present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by ACGIH.

NTP: No component of this product, present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by NTP.

OSHA: No component of this product, present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by OSHA.

Potential Health Effects:

Inhalation: May be harmful if inhaled. May cause respiratory tract irritation.

Ingestion: May be harmful if swallowed.

Skin: May be harmful if absorbed through skin. May cause skin irritation.

Eyes: Cause eye irritation.

American Polymer Standards Corporation

Safety Data Sheet

Section 12: Ecological Information

Toxicity: No Data Available

Persistence & Degradability: No Data Available

Bio-accumulative Potential: No Data Available

Mobility in Soil: No Data Available

Results of PET & vPvB assessment: **PET:** No Data Available
vPvB: No Data Available

Other Adverse Effects: No known significant effect or critical hazards

Section 13: Disposal Considerations

Product:

Disposal Methods: The generation of waste should be avoided or minimized whenever possible. Disposal practices must be in compliance with all Federal, State and Local laws and regulations. DO NOT DUMP INTO ANY SEWERS, ON THE GROUND OR INTO ANY BODY OF WATER. Contact a licensed professional waste disposal service to ensure proper disposal.

Hazardous Waste: Within the present knowledge of the supplier, this product is not regarded as hazardous waste, as defined by EU Directive 2008/98/EC

Packaging:

Disposal Methods: The generation of waste should be avoided or minimized whenever possible. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible.

Special Precautions: This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersals of split material and runoff and contact with soil, waterways, drains and sewers.

Section 14: Transport Information

DOT (US): Not Regulated

IMDG: Not Regulated

IATA: Not Regulated

ADR/RID: Not Regulated

Transport in bulk according to Annex II of Marpol and IBC Code: Not Available

Section 15: Regulatory Information

U.S. Toxic Substances Control Act: All components of this product are either listed on the U.S. Toxic Substances Control Act (TSCA) inventory of chemicals or are otherwise compliant with TSCA regulations.

SARA 302 Components: No chemical in this material are subject to reporting requirements of SARA Title III, Section 302.

SARA 311/312 Components: No SARA Hazards

SARA 313 Components: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

EU Regulation (EC) No. 1907/2006 (REACH)

Annex XIV – List of substance authorization:

Annex XIV None of the components are listed

Substances of very high concern: None of the components are listed

Annex XVII Restrictions on the manufacture placing on the market and use of certain dangerous substances, mixtures and articles: Not Applicable

Other EU Regulations:

Ozone depleting substance (1005/2009/EU): Not Listed

Prior Informed Consent (PIC) (649/2012/EU): Not Listed

Seveso Directive: This product is not controlled under the Seveso Directive

International Regulations:

Chemical Weapon Convention List Schedules I, II & III Chemicals: Not Listed

Montreal Protocol (Annexes A, B, C, E): Not Listed

Stockholm Convention on Persistent Organic Pollutants: Not Listed

Rotterdam Convention of Prior Informed Consent (PIC): Not Listed

UNECE Aarhus Protocol on POPs and Heavy Metals: Not Listed

American Polymer Standards Corporation

Safety Data Sheet

Section 15: Regulatory Information

Right to Know Components:

Massachusetts: No components of the material are subject to Massachusetts Right to Know Act.

New Jersey: α -Methyl- ω -methoxypolydimethylsiloxane CAS # 63148-62-9

Pennsylvania: α -Methyl- ω -methoxypolydimethylsiloxane CAS # 63148-62-9

California Prop 65: No components found.

Inventory List:

Australia This material is listed or exempted.

Canada This material is listed or exempted.

China This material is listed or exempted.

Europe This material is listed or exempted.

Inventory List continued:

Japan **Japan inventory (ENCS):** This material is listed or exempted.
Japan inventory (ISHL): This material is listed or exempted.

New Zealand This material is listed or exempted.

Philippines This material is listed or exempted.

Republic of Korea This material is listed or exempted.

Taiwan This material is listed or exempted.

Turkey This material is listed or exempted.

United States This material is listed or exempted.

Section 16: Other Information

Date of Issue: March 25, 2014

Last Revision Date: March 14, 2019

DISCLAIMER: For R&D use only. Not for use in Food, Drugs or Cosmetics. The information contained in this MSDS is the most accurate and complete information available to us. APSC expresses or implies no warranty to the information provided and assumes no liability. The material covered in this MSDS is provided in 1-gram quantities or less and is not expected to pose any health or environmental risks based on these quantities.
